FACTS

- 2-Stage Filtration: Ceramic microfiltration and activated carbon.
- Upgrade to Explorer Pro any time with optional upgrade kit.
- Built for the backcountry. Rugged design with a metal pump piston stands up to harsh environments and frequent use.
- Filter stages are easy to maintain and can be safely stored dry when not in use.
- Swiss Made — in-house production and strict quality control.
- Durable, cleanable ceramic is suitable for frequent applications in dirty water.
- Low weight activated carbon can be replaced easily.
- Unit is protected by an overpressure valve.
